South Carolina-based Association contracts to make FOREWARN services available for its 3,200+ REALTOR® members to promote proactive agent safety

BOCA RATON, Fla.--(BUSINESS WIRE)--Aug. 29, 2019-- FOREWARN, LLC, a red violet company (NASDAQ: RDVT), and the leading provider of real-time information solutions for real estate agents, today announced that the Greater Greenville Association of REALTORS® ("GGAR") has contracted to make FOREWARN® services available for the 3,200+ REALTOR® members it serves in an effort to promote proactive real estate agent safety.

Available both online and through a mobile application, FOREWARN analyzes billions of data points and provides users with the ability to mitigate risks by verifying identity, searching for criminal histories, and validating information provided by potential clients such as financial and asset information -- using just a phone number. FOREWARN allows agents to properly and safely plan for showings with a higher level of confidence.

The FOREWARN services purchased by GGAR will be available to GGAR's entire 3,200+ real estate agent membership at no additional cost to individual agents.

"Agent safety is a major concern," said Nick Sabatine, CEO of the Greater Greenville Association of REALTORS®. "We are reminded of it around this time each year with Agent Safety Month in September, but we are proud to be doing more than just talking about it this year by providing our member-agents with such a critical safety solution in FOREWARN that allows them to operate with greater intelligence and peace of mind."

On October 1, 2019, existing GGAR members will receive specific instructions on how to move forward with activating their FOREWARN subscription.
