October 27, 2026

Second consecutive year on the ranking, reflecting sustained growth, financial strength, and stock performance

BOCA RATON, Fla., Oct. 27, 2026 (GLOBE NEWSWIRE) -- Red Violet, Inc. (NASDAQ: RDVT), a leading identity intelligence and analytics company, today announced that it has been named to *TIME*'s list of "America's Growth Leaders of 2027," ranking No. 82 of 500 companies, up from No. 107 in the inaugural list. The annual ranking, compiled by *TIME* and Statista, highlights the top-performing publicly listed companies in the U.S. based on growth performance, financial stability, and stock performance.

"Earning a place on this list for the second consecutive year, and at a higher rank, reflects the discipline of our team and the strength of the technology we have built," said Derek Dubner, red violet's CEO. "We remain committed to reinvesting our strong cash flow in our technology, our people, and our product roadmap. We're still just scratching the surface of our market opportunity, and we're confident in our strategy to capitalize on it."

This follows red violet's debut at No. 43 on Fortune's 2026 list of the 100 Fastest-Growing Companies.

Ranking methodology

The America's Growth Leaders of 2027 ranking, compiled by *TIME* and Statista, evaluated U.S.-based, publicly traded companies across three key dimensions: Growth Performance, Financial Stability, and Stock Performance. Growth performance was based on five years of revenue expansion, considering both relative growth and consistency. Financial stability measured profitability and financial health using indicators such as the Piotroski F-Score, Altman Z-Score, and industry-specific KPIs. Stock performance assessed investment strength through metrics like annual growth rate, returns, market comparison, and volatility over the past five years.
