

## **FOREWARN Partners with Branch County Association of Realtors®**

May 29, 2018

*Michigan-based association purchases FOREWARN services for entire agent membership to promote proactive agent safety*

BOCA RATON, Fla.--(BUSINESS WIRE)--May 29, 2018-- FOREWARN, LLC, a red violet company (NASDAQ: RDVT), and the leading provider of real-time information solutions for real estate agents, today announced that the Branch County Association of Realtors® (BCAR) has purchased FOREWARN™ for all of its member-agents in an effort to promote proactive real estate agent safety.

Available both online and through a mobile application, FOREWARN analyzes billions of data points and provides users with the ability to mitigate risks by verifying identity using just a phone number, searching for criminal histories, and validating information provided by potential clients such as financial and asset information. FOREWARN allows agents to properly and safely plan for showings with a higher level of confidence.

"The rapid adoption of FOREWARN by real estate associations across the country is a clear signal that agent safety has become one of the foremost issues facing the industry," said James Reilly, President of FOREWARN. "We're pleased that BCAR has joined the growing number of real estate leaders that have deemed FOREWARN an essential member benefit."

"While there are safety tools out there designed to aid agents who find themselves in a dangerous situation, such as a panic button, FOREWARN was the first we've seen that proactively arms agents with risk indicators before engaging with a potential bad actor," said Deb Lounds-Bowers, President of Branch County Association of Realtors®. "After being presented the service, we knew right away that FOREWARN was a must-have for our member-agents."

Existing BCAR agents will receive specific instructions on how to move forward with activating their FOREWARN subscription via email.
