Ohio-based MLS contracts to make FOREWARN services available for its 1,700+ agentmembers to promote proactive agent safety

BOCA RATON, Fla.--(BUSINESS WIRE)--Aug. 27, 2019-- FOREWARN, LLC, a red violet company (NASDAQ: RDVT), and the leading provider of real-time information solutions for real estate agents, today announced that the Northwest Ohio Real Estate Information Systems ("NORIS") has contracted to make FOREWARN® services available for the 1,700+ real estate agent members in Toledo and the surrounding area it serves in an effort to promote proactive agent safety.

Available both online and through a mobile application, FOREWARN analyzes billions of data points and provides users with the ability to mitigate risks by verifying identity, searching for criminal histories, and validating information provided by potential clients such as financial and asset information -- using just a phone number. FOREWARN allows agents to properly and safely plan for showings with a higher level of confidence.

The FOREWARN services purchased by NORIS will be available to NORIS's entire 1,700+ real estate agent membership at no additional cost to individual agents.

"Agents across the country are concerned about their safety," said Megan Meyer Foos, CEO of the Northwest Ohio Real Estate Information Systems. "By partnering with FOREWARN, our MLS members will have instant access to intelligence to operate with increased certainty and confidence. We have already received feedback from members on how they are benefitting from FOREWARN and we are thrilled to be addressing such a critical need."

Existing NORIS members will receive specific instructions on how to move forward with activating their FOREWARN subscription.
