The largest local REALTOR® Association in the state of Virginia, and one of the largest in the nation, makes FOREWARN services available for its 13,000+ REALTOR® members to promote proactive agent safety

BOCA RATON, Fla., Oct. 08, 2021 (GLOBE NEWSWIRE) -- FOREWARN, LLC, a red violet company (NASDAQ: RDVT) and the leading provider of real-time information solutions for real estate agents, today announced that the Northern Virginia Association of REALTORS® ("NVAR") has contracted to make FOREWARN® services available for the 13,000+ REALTOR® members it serves throughout Arlington County, Fairfax County, City of Fairfax, City of Falls Church, Town of Vienna, and City of Alexandria to promote proactive real estate agent safety.

Available both online and through a mobile application, FOREWARN analyzes billions of data points and provides users with the ability to mitigate risks by verifying identity, searching for criminal histories, and validating information provided by potential clients -- using just a phone number. FOREWARN allows agents to properly and safely plan for showings with a higher level of confidence.

The FOREWARN services purchased by NVAR are available to the 13,000+ real estate agent membership at no additional cost to individual agents.

"We are proud to announce this critically important new benefit for our members," said Ryan McLaughlin, CEO of Northern Virginia Association of REALTORS®. "The safety of our members is a top priority, and our board of directors felt very strongly that if they can save one life by providing this proactive verification tool, that it is well worth the investment into our members. The cost of FOREWARN for individual agents is \$20 per month, or \$240 per year, but we are pleased to be offering even more member value by providing it as a free benefit to all NVAR members."

On October 5, 2021, existing NVAR members received specific instructions on how to move forward with activating their FOREWARN subscription.
