

## red violet to be Added to Russell 3000® and Russell 2000® Indexes

June 7, 2022

BOCA RATON, Fla., June 07, 2022 (GLOBE NEWSWIRE) -- Red Violet, Inc. (NASDAQ: RDVT), a leading analytics and information solutions provider, announced today that it is set to join the broad-market Russell 3000® Index and the small-cap Russell 2000® Index at the conclusion of the Russell US Indexes annual reconstitution, effective after the US equity markets open on June 27, 2022, according to a preliminary list of additions posted by FTSE Russell on June 3, 2022.

Annual Russell indexes reconstitution captures the 4,000 largest US stocks as of May 6, ranking them by total market capitalization. Membership in the US all-cap Russell 3000® Index, which remains in place for one year, means automatic inclusion in the large-cap Russell 1000 Index or small-cap Russell 2000 Index as well as the appropriate growth and value style indexes. FTSE Russell determines membership for its Russell indexes primarily by objective, market-capitalization rankings and style attributes.

"red violet is pleased to be added to the Russell 3000® and Russell 2000® Indexes," stated Derek Dubner, red violet's CEO. "Our inclusion in the Russell Indexes represents yet another milestone in the Company's growth trajectory and is expected to drive increased liquidity and awareness of our Company within the institutional investment community."

Russell indexes are widely used by investment managers and institutional investors for index funds and as benchmarks for active investment strategies. Approximately \$12 trillion in assets are benchmarked against Russell's US indexes. Russell indexes are part of FTSE Russell, a leading global index provider.
