

FOREWARN Partners with Georgia Multiple Listing Service

October 27, 2023

One of the largest Multiple Listing Services in the United States, and the largest in the state of Georgia, contracts to make FOREWARN services available to its 52,000+ MLS subscribers to promote proactive agent safety

BOCA RATON, Fla., Oct. 27, 2023 (GLOBE NEWSWIRE) -- FOREWARN, LLC, a red violet company (NASDAQ: RDVT) and the leading provider of real-time information solutions for real estate agents, today announced that Georgia Multiple Listing Service ("GAMLS") will offer FOREWARN® services to its 52,000+ MLS subscribers it serves throughout the state of Georgia to promote proactive real estate agent safety.

Available both online and through a mobile application, FOREWARN analyzes billions of data points and provides users with the ability to mitigate risks by verifying identity, searching for criminal histories, and validating information provided by potential clients -- using just a phone number. FOREWARN allows agents to properly and safely plan for showings with a higher level of confidence.

The FOREWARN services offered by GAMLS are available to the 52,000+ MLS subscribers at no additional cost to individual agents.

"FOREWARN fits perfectly with our mission of providing the most value possible for our subscribers," said Richard Boone, CEO of Georgia Multiple Listing Service. "Every real estate professional deserves to be able to work safely and return home to their friends and family at the end of each day. Unfortunately, this is not a given as there are many unknown risks that agents can be faced with, ranging from fraud to assault. We are thrilled to be providing our subscribers with this critical tool in FOREWARN to help them verify the identity and possible risks associated with their unknown prospects."

In November, existing GAMLS subscribers will receive specific instructions on how to move forward with activating their FOREWARN subscription as an included benefit.
